II. **Amendments to the Agenda - None**

III. **Comments from the Public**

Steve- Commented that he had reviewed the proposed budget and was concerned that every line item was increased, he was also concerned because we haven't heard from the school district yet as to the upcoming school budget and how that was going to affect the towns budget. He also called to question if with the cost of everything else increasing if this was the year to begin increasing reserves.

IV. **Discussion Items**

A. Discuss Proposed FY2024 Budget

The Town Manager reviewed detailed items on the proposed budget with the Board, such as maintaining staff, ambulance service, building maintenance, increase in general cost across the board, road maintenance as well as other items. A lengthy discussion was had on the steps that needed to be taken in order to reduce debt services and how to increase reserves to be able to pay for basic maintenance projects without having to borrow funds.

The general feeling of the Select Board and the Financial Advisory Committee is that this is not a budget that they like having to present to the town, but after years of trying to minimize increases and with the general increase in operating costs, it is necessary, if they want to keep the town from falling further behind and to secure the future financial security of the town.
