

## Agenda for Solid Waste Committee 7/21/2021

5:30 via Zoom

### Task of Committee-updated 1/13/21:

Vision for Future of Solid Waste & Recycling Programs.

- a. What services does the Town want?
- b. What is needed to offer these services?
- c. How can these services be offered?
- d. What is the cost to offer these services?

For example, if the Town wants to recycle cardboard, what are our options. 1 - Single stream – what is needed for this and what is the estimate cost of this? 2 – Bale & Sell – what is needed for this (equipment, storage space) and what is the estimate cost of this? If it is determined that the Town wants to bale & sell cardboard, then we will need to add those programming needs into our program and building design(s). The Committee should be developing lists of desired services, along what is needed to offer that service (space, equipment, staff time, etc) and estimated costs to do so.

These tasks do not involve locating the operations or costs of building/building improvements.

Reminder: Freedom of Information Act, this is a very important statute! Per the Freedom of Information Act, committees can NOT have conversations/discussions via email, phone, etc. All committee discussions and decisions must be had and made at a public meeting. Any conversations by more than 2 committee members outside of a public meeting is considered an illegal meeting. Furthermore, all emails that you send as a committee member and/or regarding committee business is considered public information and is part of the public record. Committee members may use email to distribute information to all committee members and committee staff, but any discussion of that information must take place at a public meeting.

**All committee members must be included in Solid Waste Committee emails:  
Members-Cathy Curtis, Susan Brown, Michael Smith, Pat McDonough, Tessa Kingsley,  
Lisa Wesel, Susan Drucker, Bryan Benson**

FOAA Training for all town boards & committees members held on Tuesday 11/10/20 at 5PM

“Until then, email should only be used to distribute information, there should be NO discussion of that information via email. For agenda setting, I would suggest that you plan the agenda for your next meeting at your meeting and have an other business agenda item if something comes up.

As for meetings, the Town of Bowdoinham will be conducting public meetings via video conferencing. This is in accordance with emergency legislation (PL 2019, c. 617) enacted by the Maine legislature on March 17, 2020, which temporarily authorizes remote participation at municipal board and committee meetings by board members and the public. “

### Call to Order

### Amendments to the Agenda

**Approval of the Minutes from 6/16/21, 7/7/21, 7/14/21**
