Rope Length: _____ Rope Size: _____ (Bowline nylon only; non-floating) Date present mooring putdown _____

1. This permit is non-transferable and is for the use of the above-named vessel only, except on a temporary basis, at the discretion of the Harbor Master. It is illegal to rent a mooring without a federal permit.
2. Location of mooring will be assigned by the Harbor Master. The location is subject to change at any time, at the discretion of the Harbor Master, as conditions dictate.
3. Holder of the permit is responsible for his/her mooring. It shall be the mooring owner's responsibility to ensure mooring size and rigging is adequate for the size of vessel moored. The Harbor Master may make recommendations on mooring specifications, but the sole responsibility rests with the mooring owner.
4. Applications must be complete with fee submitted prior to May 1st for renewal.
5. No watercraft will be permitted on a mooring between November 1st and May 1st inclusive. Any watercraft may be removed from the water during this timeframe at the owner's expense, unless prior arrangements exist with the Harbor Master for active use of this mooring.
6. Mooring balls should be white in color with a blue stripe and must have the assigned mooring number painted on the mooring buoy in at least 3-inch numbers of a contrasting color.
7. If any vessel on a licensed mooring is taking on water or in danger of sinking, the Harbor Master may authorize a private contractor to pump out said boat at the expense of the owner. The owner must pay the contractor or lose mooring privileges. Residents should list an emergency back-up person whom the Harbor Mater can contact. Non-Residents must have the name and contact information of a local person or a commercial contractor who will check your vessel and mooring and whom the Harbor Master can contact to take action if your boat is sinking or dragging it's mooring.
8. Submit notification of any change in address, contact information or vessel as soon as possible.
9. Floating line is not to be used on moorings or as a bow line.

The above requirements are to protect your mooring privileges. Your cooperation will be to your advantage and help assure you of a happy boating season. I have read and understand the above mooring requirements. In addition, I have received a copy of the Guidelines For Use Of The Town Docks and Launching Ramp and Waterfront & Harbor Rules and Regulations. Make checks payable to: Town of Bowdoinham. An application needs to be filled out every year. By Signing this application, I agree to the mooring requirements.
