

Bowdoinham Sidewalk And Shoulder Options:

(Alternatives 3 and 4)

The maps shown here are preliminary concept drawings of two alternate sidewalk routes that have been discussed based on the community input received so far. They are still open to revision and will be finalized during the MDOT formal planning process based on further community, business, abutting property owner, and DOT engineers input.

Alternative 3

Alternative 4

Please **vote on Tuesday, November 3rd**. Then, if the referendum passes, **get involved in the planning process**. We want more Bowdoinham residents to participate so that we can be sure we have the final design that best serves Bowdoinham.

The information here was compiled by the Bowdoinham Walking, Biking and Paddling Committee.
