1	anonymous	I realize this is not a town issue, but the time of year this is scheduled for it horrible. It's always so hot, turnout is pretty consistently low as many people are on vacation and there is so much to do in the high summer. I really appreciate the effort that the town puts into this event and all the artists and farms that open up for this, but it honestly is not worth it to us from a business and personal perspective. I would much prefer a date in Mid-June or September. I don't think we'll be participating next year, due to how exhausting the timing is. Again, you all do such a good job making the event wonderful for folks in town - I honestly would rather participate as a bowdoinhammer and do the bbq and visit things than open our farm again. Happy to talk more about this if it's helpful!

5	anonymous	I think simplifying the brochure would help with some confusion that attendees had
6	anonymous	nothing.... although one day, maybe there could be a volunteer, that would orient people just arriving.
7	anonymous	Accuracy of the brochure. My name was misspelled in one place and my address was incorrect in one place.

I really appreciate the effort that the town puts into this event and all the artists and farms that open up for this, but it honestly is not worth it to us from a business and personal perspective. I would much prefer a date in Mid-June or September. I don't think we'll be participating next year, due to how exhausting the timing is. Again, you all do such a good job making the event wonderful for folks in town - I honestly would rather participate as a bowdoinhammer and do the bbq and visit things than open our farm again. Happy to talk more about this if it's helpful!

3	anonymous	nothing, was a nice community event.
4	anonymous	nothing at the moment
5	anonymous	I think simplifying the brochure would help with some confusion that attendees had
6	anonymous	nothing.... although one day, maybe there could be a volunteer, that would orient people just arriving.
7	anonymous	Accuracy of the brochure. My name was misspelled in one place and my address was incorrect in one place.

1	anonymous	I realize this is not a town issue, but the time of year this is scheduled for is horrible. It's always so hot, turnout is pretty consistently low as many people are on vacation and there is so much to do in the high summer.
