

Bowdoinham Open Space Priorities:

How would you like Bowdoinham to prioritize the Town's approach to open space conservation?

For this activity, imagine you have 6 eggs to place in open space conservation baskets.

You may place from 0 to 6 eggs in any basket. Fund each category in terms of its importance to you. There are eight Resource Categories in which to place your eggs:

- **Habitat**
- **Agriculture and Forestry**
- **Recreation**
- **Scenic Vistas**
- **Forests**
- **Rivers/Streams**
- **Playgrounds/Parks**
- **Trails**

You can place all of your eggs in one basket or divide your eggs between however many baskets you'd like. The Resource Categories that receive the most eggs represent areas where you feel the Town should prioritize conservation efforts.
