Section 2: Project Description and Performance Standards

Jandy Organics, LLC is applying for a Medical Marijuana Registered Caregiver cultivation license with a 500 square foot flowering canopy. It will be operated by the two owners of the LLC, Andrew Bowidowicz and Jennifer Bowidowicz. Jandy Organics, LLC is committed to cultivating the highest quality product using organic products with the intention of becoming MOFGA certified.

There is no construction planned for our property at 175 Main St in Bowdoinham. All cultivation will occur indoor in the unfinished basement using temporary tents to divide the space into rooms. No modification will be made to the existing structure.

Employees: Jandy Organics, LLC will only employ the owners of the LLC, Andrew Bowidowicz and Jennifer Bowidowicz. The hours of operation will be as needed with light blocking film over the windows to eliminate any light at night. No additional vehicles will be at the property pertaining to the business.

2.1 Performance Standards

a) Odor and air quality will be managed with a carbon filter in each tent to eliminate smell outside the tents. No exterior filtration system will be needed with the use of the air purification filtration system inside each tent space. No additional carbon dioxide will be added to the air and no external air exchange will occur. The windows will remain closed and locked at all times.

b) Measure to reduce impact on abutters and public:

Water is supplied by an existing well on the property. An average of 12 gallons per day will be required.

The existing septic system will be used and the operation will produce minimal waste water. To eliminate waste, the operation will use grow bags that will be cleaned and reused, and the soil will be reused using worms in vermicompost. No additional demand will be placed on the Bowdoinham waste management system. Any plant material that needs to be discarded will be composted in a locked outdoor composting area.

The property is set up with a 200-amp circuit breaker.

Temperature will be maintained with a single heat pump outside the tent spaces installed to help maintain a more consistent temperature year-round.

Humidity will be controlled with multiple Energy Star certified dehumidifiers.

c) Security: External motion sensor lights will be installed. Only the owners of the property will have access to the basement, which will have a locked external door inside. The basement has a locked bulkhead with a deadbolt exterior door at the bottom of the stairs. There is no other exterior access to the basement. Processed and packaged product will be deadbolt locked within an interior closet located on the first floor.

d) Establishment is 0.62 miles (more than 3,000 ft) from the closest school, the Bowdoinham Community School

e) No signage will be displayed on the property.

f) No sales will be made at this location; it is strictly a cultivation facility. Therefore, there will be no additional traffic on the roads around the establishment.

We are happy to provide any additional information required and address any concerns the Planning Board has.

Thank you,
Andy Bowidowicz

2. **Internal Vehicular Circulation:** The property has a turnaround that will be improved for owners to utilize. Vehicles will be parked at the end of the driveway for potential emergency vehicles.
3. **Pedestrian Circulation:** No construction will change the safety for pedestrians. No additional pedestrian traffic will be created and there will be limited additional traffic from delivery trucks impacting those who walk on the street.

If you did **not** apply for this EIN, please contact us at the phone number or address listed on the top of this notice.

When filing tax documents, making payments, or replying to any related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear-off stub and return it to us.

Based on the information received from you or your representative, you must file the following forms by the dates shown.

Form 1065

03/15/2023

If you have questions about the forms or the due dates shown, you can call us at the phone number or write to us at the address shown at the top of this notice. If you need help in determining your annual accounting period (tax year), see Publication 538, *Accounting Periods and Methods*.

We assigned you a tax classification (corporation, partnership, estate, trust, EPMF, etc.) based on information obtained from you or your representative. It is not a legal determination of your tax classification, and is not binding on the IRS. If you want a legal determination of your tax classification, you may request a private letter ruling from the IRS under the guidelines in Revenue Procedure 2020-1, 2020-1 I.R.B. 1 (or superseding Revenue Procedure for the year at issue). Note: Certain tax classification elections can be requested by filing Form 8832, *Entity Classification Election*. See Form 8832 and its instructions for additional information.

A limited liability company (LLC) may file Form 8832, *Entity Classification Election*, and elect to be classified as an association taxable as a corporation. If the LLC is eligible to be treated as a corporation that meets certain tests and it will be electing S corporation status, it must timely file Form 2553, *Election by a Small Business Corporation*. The LLC will be treated as a corporation as of the effective date of the S corporation election and does not need to file Form 8832.
