Nicole Briand, Town Manager

February 6, 2024

Dear Select Board members,

I have reviewed the Select Board license application for Loud and Local, a marijuana caregiver store to be located at 50 Birchwood Lane, and have found it complete. No cultivation or manufacturing is planned on-site. Minor changes have been made to the approved Planning Board application that do not interfere with the approval criteria. These changes include a new lease agreement, a new caregiver card, and new details regarding the business's registration with the State. The business is being transferred from Kate and Robert Gaudette to Duncan Alden.

All fees have been paid, and an inspection of the property is to be scheduled with Mr. Alden prior to his public hearing.

Please let me know if you have any questions.

Sincerely,

Matthew James
