Dear Mr. Roberge,

Bowdoinham Water District is pleased to provide this capacity service letter commensurate with your request indicating a demand up to 3,060 gallons per day. However, your letter does not indicate required fire protection system capacity.

Please provide the detailed design drawings related to the main extension, any hydrant location, domestic services to each unit and fire protection at your earliest convenience.

Please confirm that both structures will be owned by the same entity that owns the referenced parcel.

Sincerely,

Robin L. Verow
