CAREER OPPORTUNITY

The Service to the Armed Forces (SAF) and International Services (IS) Division mission is to provide care and comfort to the members of the United States Armed Forces and their families. It is the impetus for the establishment of the American Red Cross (ARC). SAF-IS at the Red Cross is a mixture of both tradition and innovation. ARC continues to provide traditional support to military families; serve in military and veterans hospitals and conduct emergency communication. But we also continually adapt our traditional services and create new programs to meet the needs of today's military member, veterans, and their families.

The American Red Cross is currently seeking a Mobile SAF-IS Regional Program Manager in our Northern New England Region to support the Service to Armed Forces and International Services Division mission. Would prefer candidate to reside in either southern New Hampshire or northern Vermont near Burlington. This position is regional, but also part of our mobile staff which requires meeting strict medical and security clearances prior to employment. In this role worldwide deployment is a condition of employment. Mobile staff members typically deploy for 6 months at a time, approximately once every 18-24 months, and can be sent to any military base in the world.
