The Bowdoinham Fire & Rescue Association has purchased for donation to the Bowdoinham Fire Department a brand new 12' Rock Solid enclosed cargo trailer to transport the cold-water rescue gear.

Cluchey moved the Board accept the 12' Rock Solid Enclosed Cargo Trailer from Bowdoinham Fire & Rescue Association; seconded by Walling. Vote was 5-0.

VII. Discussion Items

A. Dangerous Building & Violations Update – Darren Carey

Recycling Barn: Carey's report was based on the May 5th, 2021 report from Helen Watts, Criterium Engineers. The apartment is not occupied but the floor loads should be strengthened prior to occupancy. Repairs are ongoing towards the rear of the building to improve the framing. The November 1, 2021 deadline is still in place for repair of the roof. Helen Watts stated the building is safe for public access.

61 Bay Road: There is no update at this time, but Carey is optimistic that things may change in the next month or two. The property is secure and is being managed by a compliance company out of Ohio.

170 Dingley Road: One family member is eager to move the trailer but cannot since she is not a personal representative. Lines of communication are open but none of the heirs wish to take the responsibility. Violations include Junkyard and Potential Dangerous Building. The way forward is a Violation Process.

Active Violations:

710 Post Road: Junkyard, second Letter of Violation issued

143 White Road: second Letter of Violation issued

64 Dinsmore Cross Road: first Letter of Violation issued

VIII. Town Manager's Report

Office: Briand stated that the Town Office will close at noon on Wednesday, June 9th for Town Meeting preparation. Town Meeting will be at 6 pm on June 9th. The office will close at noon on Wednesday, June 30th for FY22 setup.

Ratio Declaration: Briand stated that the Ratio Declaration was not done correctly at the last Board Meeting. We can only add 10% of 83% (8.3) to 83% not a full 10%. Mr. Carey has adjusted the form and submitted it to the state. Rob Duplisea of RJD Appraisal will be coming to the Board's June 22nd meeting to discuss certified ratios and our schedule for re-evaluation.

Public Works: Briand stated that Public Works finished sweeping the village area. They have rented an excavator for the road work on Carding Machine and Dingley Roads and will focus on these over the next two months. She shared that our 2021 Road Work for Dingley and Carding Machine Roads have gone out to bid and proposals are due back by June 10th. The work for the Fire Station parking lot should be going out to bid shortly.

Pond Road Engineering: The results of the vernal pool surveys identified three pools none of which were found to be significant.

Cemeteries & Cemetery Committee: We are working with our attorney to establish access to Temple-Randall Cemetery. They are in the process of completing the title work so we can start the process to establish our access rights.

Centers Point Road Parking Area: Briand stated that we are meeting with MDIF&W on June 16th to discuss the parking plan and permitting requirements.

Briand stated that our Fire Chief will perform the duties of Emergency Management Director until we find a replacement for David Lewis.
