

Notice For Select Board

Plan to obtain Automobile Recyclers License

I William Panzino am looking to obtain an automobile recyclers license for the purpose of going to a customers home and picking up a Junk vehicle and hauling it directly to a scrap yard, There will be no vehicles brought back to 791 Carding Machine Rd Bowdoinham, ME for the purpose of recycling. In order for me to legally scrap more than 3 vehicles a year I must obtain an Auto Recyclers License, and to be able to obtain a State Recyclers License I need approval from the select board. The primary purpose to obtain this license is to have the legal ability to haul customers vehicles to a scrap yard upon request. No vehicles will be brought to the property for the purpose of recycling or dismantling.

Thank you
William Panzino
